

DPC Nursery and Children's Wellness Policy

To assist us in our efforts to provide a healthy atmosphere for our children, please do not bring children to the nursery or children's programs if they have any of the following symptoms:

1. Fever of unknown origin or does not appear well
2. Stuffy or continuously runny nose/frequent nasal drainage, regardless of the color of the drainage or treatment with antibiotics
3. Sore throat, frequent cough or sneezing, or difficulty breathing for unknown reasons
4. Vomiting
5. Frequent loose or watery stools
6. Rash of unknown origin

Children must be symptom free for 48 hours before coming to the nursery or children's programs. Additionally, if your child has had a known exposure to a communicable illness (flu, RSV, Hand Foot Mouth, Covid, etc.) you are encouraged not to use the nursery or children's programs for 48 hours.

Revised March 27, 2023
